

# Warm Hearts, Willing Hands

is

Seniors helping  
seniors

Neighbor helping  
neighbor

12 months of the year!

We provide indirect services  
to help your community  
be prepared for disaster.

## Questions for residents:

Do you have a *disaster plan*?

Do you have an *evacuation plan*  
in case of emergency or disaster?

Do you believe you only have to  
prepare for *hurricanes*?

*What about tornadoes?*

*Warm Hearts, Willing Hands* can  
help you answer these questions!

Martin Volunteers

# Help us to Help you!

Seeking your thoughts,  
opinions and expertise  
in how to best help  
55+ mobile home park  
communities  
before emergencies  
and disasters strike.

### Warm Hearts, Willing Hands

is a project that helps senior citizens and people with special needs be prepared for disaster.

This project will be operated in selected communities through Volunteers in Service to America.

The project is targeting low- to moderate-income senior citizens in 55+ mobile home park communities in Martin County.

### Warm Hearts, Willing Hands

is asking residents to share information with us that will aid the Martin County Emergency Operations Center and the American Red Cross in case of future disasters.

Our goal is to help seniors live a more comfortable life.

### Seniors helping seniors

It makes all the difference when disaster strikes.

Seniors living in a community are like family — even when they live independently of one another.

Let's make a difference in your corner of the world.

**If you are in a 55+ mobile home park community in Martin County and want to be ready for the next disaster ...**
